

BUSINESSES IN THE AGE OF **AI**: NAVIGATING THE NEW DIGITAL ECOSYSTEM

*Special event in Perugia for businesses, government agencies, and the nonprofit sector as part of the **24th International Conference of the Italian Association for Artificial Intelligence (AIxIA)***

The **Italian Association for Artificial Intelligence (AIxIA)**, which has been active since 1988 in promoting AI research and applications, presents the **24th AIxIA International Conference**, to be held at the University of Perugia from **October 6 to 9, 2026**.

An unmissable event for researchers, professionals, and companies, featuring scientific presentations on the main areas of **AI**: machine learning, natural language processing, robotics, generative AI, computer vision, ethics, and much more.

The event *"Businesses in the Age of AI: Navigating the New Digital Ecosystem"* offers a unique opportunity for companies, public administrations, and the third sector to share experiences and discover real-world applications of AI.
